Come and study with us, where you will find the small class sizes and highly motivated staff are perfectly suited to help you achieve your goals. We offer a rolling programme which means you can join us at any time of the year.

we offer a range of qualifications including:

- Functional Skills - English & Maths
- Enterprise Skills
- Health & Wellbeing
- Cooking Skills
- Work Skills

We also aim to source and support you into a work placement in a vocational area of your choice to give you a real life taster of different career paths that may interest you.

Your programme will be individually tailored to you and we have a highly skilled staff team that will be there to support you on your learning journey.

Why we are different

At Caius House we understand that a large college environment isn't for everyone and we know that many young people leave school disappointed with their results or wishing they could achieve more. We have zero entry requirements to get on to our courses allowing you to take the first steps towards whichever future you are aiming for.

We have a long history of supporting young people regardless of their backgrounds, needs or abilities and if you are wondering if we could help then the answer is yes!

"I am an experienced teacher who has always had a passion for helping young people find their purpose and individual success. I know that our programme will help unlock the potential of each individual student. We nurture our students to learn, explore and create in a non-restrictive way."
